

## Type F9

A flange clamp for connecting parallel running steel sections with flanges of the same width. Can be used with bolts or threaded rod.

Watch the installation video at [www.LindapterUSA.com](http://www.LindapterUSA.com)

- Fast, cost effective installation.
- Perfect for temporary or permanent use.
- Large clamping range.
- Available zinc plated or hot dip galvanized.
- Can be used with threaded rod for supporting pipes.
- Supplied with or without a metric bolt.

Material: Malleable iron, zinc plated / hot dip galvanized.
